Taking Care of Your Remodeling Needs.

Taking Care of You.

We've built our reputation on our consistently high quality work.

But there's something else that sets Moss apart...it's our customer care. We know that when you allow us to work in your home it's a relationship built on trust....and we do not treat that lightly.

## That is why we developed Our "Taking Care" Pledge.

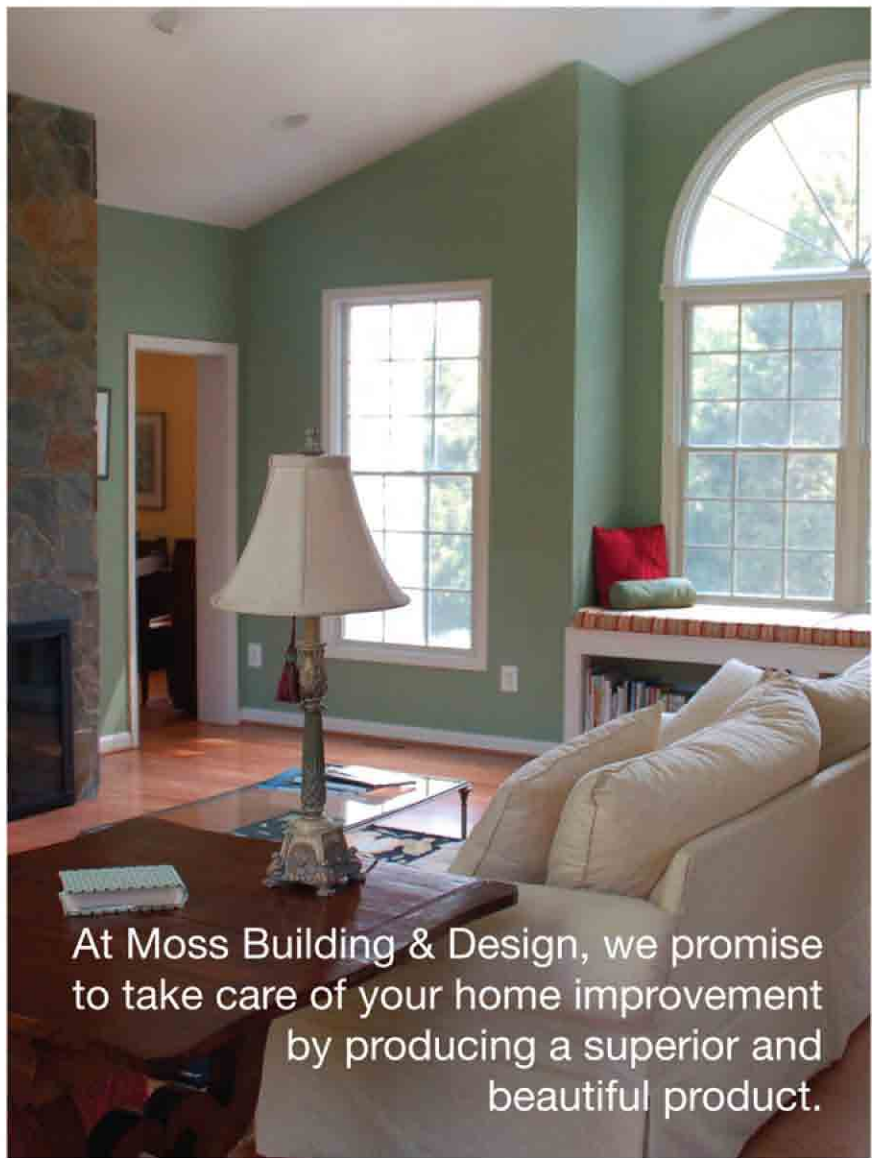

The Moss Taking Care Pledge was created so that our customers know we are serious when we say we will respect your time, and respect your home, as if they were our own. We spell out in writing the details that we consider just as important as the final product. More than that, it's our promise to you as a Moss customer.

### At Moss, we promise you:

- A needs assessment and design consultation
- A fixed-cost bid
- A signed contract...locking in a start and engaging the architect, if needed.

All before you even write your first check.

At Moss Building & Design, we promise to take care of your home improvement by producing a superior and beautiful product.

Because we understand that the experience of home improvement is just as important as the construction itself.

**At Moss Building & Design, we promise to take care of your home improvement by producing a superior & beautiful product.**

Moss Building & Design is a family-owned business that has been remodeling homes in Northern Virginia for nearly a decade. We carefully manage each step of every project...from design consultation and estimating to the most intricate finishing details.

### **At Moss, we specialize in:**

- Large and small additions
- Remodeling kitchens & baths
- Finished basements
- Green solutions from our NARI Green Certified Professional

**We deliver the highest value & quality home remodeling and improvements in the industry.**

We're most proud that the majority of our customers are repeat customers and referrals! They know we mean what we say and that we'll work closely with you to make sure the scope and budget of your project meet your exact needs.
